Overview

Akomo Isseki – Hand crafted over a one year period on the beaches of Tanah Beru using Tropical Hardwoods from the forests of Kendari, a beautiful construction by the Konjo Boat Builder of South Sulawesi. Akomo Isseki was launched in 2018 and is crewed by the Bugis sailors, from Bira in South Sulawesi, known for life at sea, under sail.

Akomo Isseki is a 27 meter long Indonesian wooden Phinisi, boasting four cabins with shared bathroom facilities with modern bathroom appliances and traditional handcrafts. There's a communal dining area, a covered dive deck and large sun area.

Comfortable sun lounging on deck, cold beers, incredible sunsets, a selection of fresh cooked Indonesian and western meals. Freshly caught fish, beach BBQ's, fresh baked bread, hot coffee and treats.
