

Aquila 44

US 1,800

 Malaysia  Langkawi  2021  44FT / 13.41M

 4 cabins  12 guests  3 crew

Overview

The Aquila 44 was developed to be an exceptionally comfortable cruising boat placing advanced technology at the forefront of all design and build decisions. From the hull shape, to the selection of materials and manufacturing process, every consideration on the Aquila 44 was aimed at continuing the pedigree first born through the Aquila 48.

The Aquila 44 boasts a very innovative interior layout that features a master cabin that spans the full width of its 21foot/6.6m beam, a feature not seen before on a boat of 44 ft. long. She also offers 360 degree views from the salon and galley, large staterooms equipped with en-suite head and separate shower, as well the oversized flybridge with Aquila's signature multiple access points to and from the deck. She has been built to EC Certification, Category A which is the recognized International standard for recreational boats.

The Aquila 44 currently located in Thailand and available for viewings with Simpson Marine is in 3 3 cabins and 3 heads layout, a spacious salon and galley, as well as included upgrades like water-maker and induction stove top.

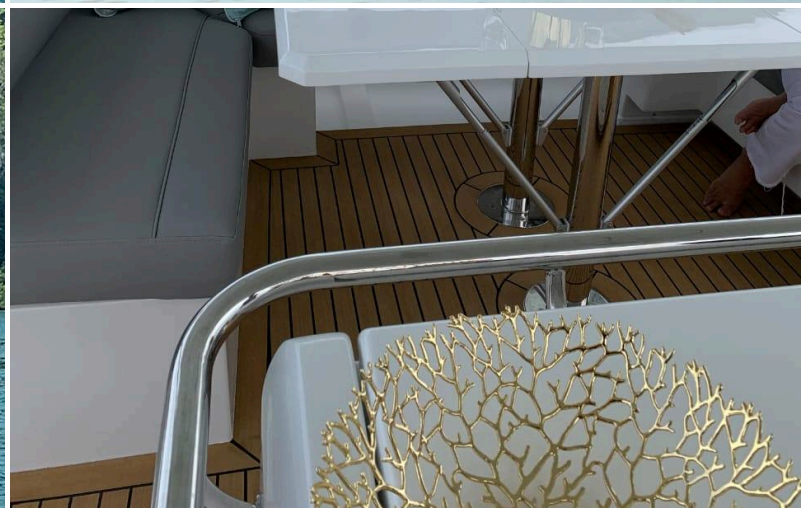

An interesting area is the Aft cockpit bar area with 2 x 316 stainless steel bar stools and expansive hinging window and door opening to galley together with a large U-shaped settee with integrated cup holders, cooler box and table and a large spacious foredeck for sunbathing LED down lighting in aft cockpit.

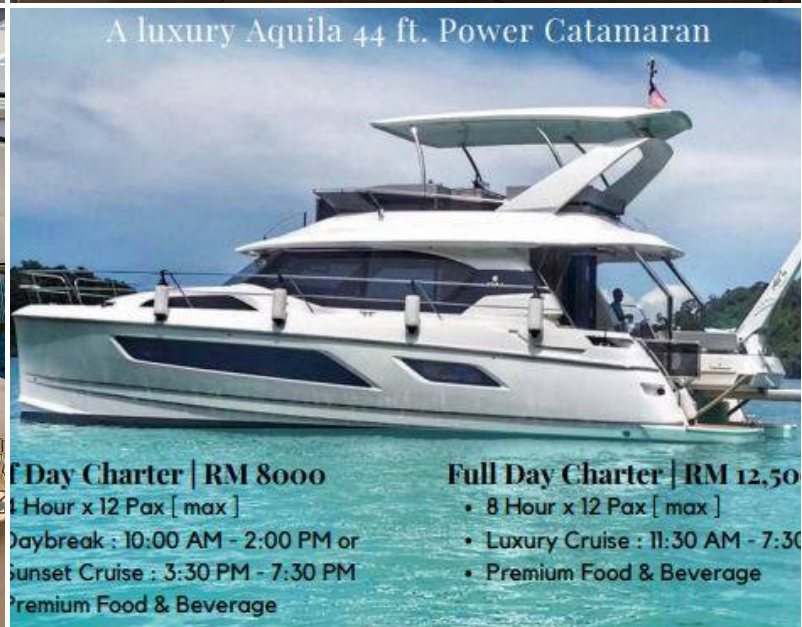

Interior saloon enjoys an excellent all round visibility and can comfortably accommodate 6 guests on the U shape sofa around the dining table. Large shelves behind settees and extensive storages mean you can embark your favourite books, décor and board games for the fun holidays with your loved ones.

Very easy and friendly to manoeuvre and comfortably live and travel aboard. Recommended for private use and charter investment.
