Overview

ASHENA is a luxurious, classic motor yacht custom built in Bilimoria, India in 2006, the perfect example of East meets West – The grandeur and opulence of the east is very carefully intertwined with the modern amenities of the west.

She's a one of a kind superyacht of this size wholly built of Burmese Teak Wood, combined robust construction with a detailed and well planned design, creating a regal, decadent, homely ambience to on-board life which allows her longstanding crew to deliver an exceptional level of service to guests.

On deck, ASHENA has a jacuzzi/hot tub, large seating/daybed including loose seating to give maximum choice and ease for guests. There is a top of the range music system with bluetooth connectivity.

ASHENA sleeps up to 12 guests in 6 expansive cabins and has enough public space with plenty of seating areas for upto 24 guests to enjoy and relax during a day cruise. The Master cabin size and amenities are unmatched even for yachts that are much bigger in size. Each bedroom has a stately feel with every modern day facility including wifi, music systems, phone and computer plug-in access.

ASHENA is docked in Male, Maldives and accepts day charters should your guests prefer to stay in a resort for the night and enjoy the yacht in the day. Please enquire now for more details.
