📍 Hong Kong ⚓ Hong Kong Island 📅 2015 ⚓ 54FT / 16.46M

🛖 3 cabins 👤 20 guests ⚙️ 3 crew

Overview

The Azimut 54 Flybridge is the perfect blend of elegance and comfort. Harmonious lines and one of the largest flybridges in its class, for incredible moments of open-air relaxation. Azimut 54 combines functionality with elegant and refined aesthetics.

The desire for balance between the elegance of the external lines and the need to build structures suitable for extending total comfort to the owner and his guests, has produced the Azimut 54. This yacht offers both the harmony of contemporary lines, in keeping with the Azimut family-focused designs, as well as the most highly advanced technological solutions.

Revolutionary construction methods. The internal bulkheads are installed when the boat is still in shell-form, a solution that makes it possible to maximize on every centimeter of the hull. The squared bow not only allows more internal volume, but also protects the deck and sun-pad from sea-spray while cruising.
