Overview

CORSARIO was a project of two brothers who were dreaming of building a yacht that would fit their image of what cruising experience should be like. Love for nautical tourism, dedication to providing great service through years and vision that people who work for them are the most important segment of their business, helped them come to realisation of this project.

This 48 meters long yacht, a beautiful merge of traditional tall ship as her exterior and modern design as her interior, guarantees a uniquely elegant and luxurious superyacht charter adventures throughout the Adriatic sea.

CORSARIO suits best for passionate sea lovers, gastronomy enthusiasts, sun seeking adventurers and relaxation chasers. There is nothing more special than waking up on a yacht like CORSARIO in Croatia, a country to cruise with sunshine in your eyes, salt on your skin and wind in your hair. CORSARIO's stunning cabins of six can comfortably accommodate 12 guests onboard; with numerous amenities and water toys, as well as extraordinary gourmet chef and highly professional and welcoming crew, CORSARIO will fulfil every client's wishes during this wonderful adventure in the Adriatic Sea.
