Overview

NOMAD, this brand new Lagoon 52F marks a whole new era in the design of cruising catamarans. With its diamond-shaped vertical bows, bevelled hulls, its as if levitated deckhouse and tall rig, the Nomad is no ordinary catamaran, but its originality goes a great deal further than just its "outer" appearance, or even its interior layout.

This Lagoon is the result of lengthy discussions between the architects at Van Peteghem-Lauriot Prévost (VPLP), the Italian Nauta Design agency and the Lagoon design department. These discussions led us to make some important and sometimes radical choices, while remaining faithful to what we believe in, in terms of elegance, comfort, safety, user friendliness and, it goes without saying, performance under sail.

NOMAD's exceptional layout of 6 cabins can comfortably sleep up to 12 guests, thus she's suitable for a large group of friends and families. She will surely ensure you an exceptional and luxury sailing catamaran charter trip in the exotic water of Greece.
