📍 Maldives 🚢 Male Atoll 📅 2019 ⚓ 55FT / 16.75M

🛏 3 cabins 👤 6 guests ⚙ 4 crew

Overview

Over Reef has been designed in collaboration with the Italian designer and architect Stefano Nollelli. It is the first floating villa built on a catamaran sea-kindly hull to operate in the Maldives islands.

Over Reef is able to cruise in all conditions, offers all the comforts of modern homes, and is full of innovative solutions, such as the electrical sun-visor, a unique feature offering extensive amount of light and fresh breeze to the bow cabins. It is designed to accommodate on board even those who are not familiar with sailing holidays. In fact Over Reef is offered either as luxury power catamaran for private cruises, or as exclusive floating villa anchored in front of desert islands or moored at night at the newly built Marina.

The concept of a catamaran sea-kindly hull design and its wide beam makes Over Reef a very efficient and stable yacht. At the same time, the volume, comfort, large living spaces, headroom, one-level floor, home appliances, and one of a kind flybridge space make it a comfortable villa at sea. Over Reef, without interior steps, in order to greatly enhance the living comfort as well as safety on board, is the ideal solution at sea for families and also for a more elderly clientele.

Over Reef has 3 guests cabins: Master and VIP cabins are at the bow, both have glass door to access the forward deck. Master cabin has private bathroom, while VIP cabin has shared toilet with the third guests cabin. The latter is equipped with a large single bed and a pullman bed.

Over Reef is equipped with a large, comfortable, and fast motorized tender for excursions, islands visits, fishing, and scuba diving.
